» Employment

Google , (Mountain View, CA)

Interaction Designer (April 2012 - present)

Sole ownership of designing an internal CRM for Google's first external sales team. Page layout, icons and UI elements. I worked with an engineering team to ensure consistent implementation.

Cisco Systems , (San Jose, CA)

UI / Visual Designer (November 2011 - March 2012)

Develop design concepts and layout for Cisco network security software. Created prototypes for usability testing and research using Axure. Created visual styles for future and current releases of the Cisco security software.

RiseSmart Inc , (San Jose, CA)

UX / UI / Visual Designer (October 2010 - May 2011)

Designed SaaS products from concept to implementation. I personally created wireframes and product architecture by working closely with product managers. I also worked closely with the development team to maintain the integrity and quality of the software products.

Marketo , (San Mateo, CA)

UI / Visual Designer (October 2010 - February 2011)

(Freelance) Designed icons, UI elements and page layout for the Marketo users community.

Adchemy Inc , (San Mateo, CA)

UX / UI / Visual Designer (May 2009 - August 2010)

Designed SaaS products from concept to implementation. I personally created wireframes and product architecture by working closely with product managers. I also worked closely with the development team to maintain the integrity and quality of the software products.

Legends of Cheese Design , (Los Gatos, CA)

Freelance UI / UX / Visual Designer (2005 - present)

Clients include: Marketo, Southwest Architectural Castings (SAC), Santa Clara University High Tech Law Journal, BrandingBrand.com, and others.
